

# Brickworks Needs Volunteers

Work began on 9/17/12 at the Brickworks site (150 Nichols). The current phase is expected to continue through late November. Friends of Brickworks are urged to come down to the site and help out. Tasks at a variety of skill and exertion levels are available, and there are inside jobs for rainy days. Everyone is welcome every day (Monday- Friday). Work is from 8 to 5 (lunch 12-1).

See you with your work gloves on, and *thank you* for making this community great!

-Brickworks is a project of the San Juan Islands Agricultural Guild-
